Microlocs VS Sisterlocs

• Microlocs •

- Almost anyone can install them.
- Can be started many different ways.
- Can be done with or without a grid.
- Loc count isn't important.
- Can be installed with extensions.

• Sisterlocs •

- Has to be installed by a certified Sisterloc consultant.
- Everyone has to have the same loc grid.
- Must have a certain number of locs.
- Natural hair only.
